Making progress....very, very slowly

20th Annual Short Course in Global Trade Analysis - DO NOT COPY/QUOTE/CITE

Our hero...who has not moved
in 11 years

But when she started her journey...

- ▶ She was ambitious and focused on:
 - Agriculture
 - Industrial goods (NAMA)
 - Services
 - Flexibilities
 - Tariff preferences for LDCs

Analyzing Egypt

- ▶ Egypt enlisted Doha's friend Peter to:
 - Estimate the effects of Doha's tariff liberalizations
 - Specifically with respect to 3 scenarios
 - S4–Agricultural cuts in accordance with the Harbinson four tier formula
 - S5–Agricultural cuts in accordance with the Harbinson formula with 2% sensitive agricultural lines (double for developing countries)
 - S9–NAMA cuts with a Swiss formula

Doha Egypt closures

- ▶ Standard closure with fixed trade balances and unemployment in the unskilled labor market for developing countries

Doha's Dream Team

- ▶ Shall Egypt Protect its Textile Sector?
- ▶ The Impact of Agricultural Subsidy in China
- ▶ Green Revolution and Food Security
- ▶ Big Mad Cow Scare
- ▶ Arab Winter

Let's go on a journey!
